

Muddy Creek Precinct, Kyeemagh - Draft Masterplan

What are we doing

Council has heard the community's ideas and aspirations for the Muddy Creek Precinct.

We have prepared a draft masterplan that embraces the values expressed for the open space. The Masterplan will drive the long-term implementation of recreation opportunities including:

- walking and cycling,
- a playground,
- opportunities for social interaction,
- access to the foreshore,
- stewardship of the environment,
- buildings, including potential for a café & community space,
- associated infrastructure, such as parking & lighting to Kyeemagh Boat Ramp Reserve, and
- the re-use of the remaining building slab for waterside recreation including: planting, viewing platforms, a setting for events & waterside enjoyment to meet the needs of the growing community.

We want your feedback

You can provide your feedback via Council's website or by using the QR code that will direct you to the on-line survey.
